

GUIDELINES FOR AUTHORS

Industrial Engineering Journal, a peer reviewed monthly journal published by Indian Institution of Industrial Engineering aims at bridging the gap between academicians and industries by providing a common platform to interact.

Scope :

Industrial Engineering Journal invites original contributions from the researchers, academicians, industrial practitioners, students, etc in the form of "State of the Art" papers and "Case Studies" on the inter-disciplinary aspects of Industrial Engineering & Management Science in Manufacturing /Service organisations in Private and Government sector.

Types of Papers :

The following types of papers can be considered for publication in Industrial Engineering Journal :

- . Theory based papers.
- . Case study based papers.
- . Empirical study based papers
- . Review papers

A paper should contain normally 3000 to 5000 words.

Submission of Manuscripts :

The following guidelines are to be adhered to while submitting the manuscripts :

1. The desired order of content is as follows :
 1. Title of the paper
 2. Author/ Authors of the paper
 3. Affiliation of Author / Authors of the paper
 4. Author for correspondence with full postal address, email, IIE membership number(if applicable)
 5. Abstract
 6. Main Text
 7. Acknowledgement
 8. Reference
 9. Appendices (if any)

Each Table, Graph, Figure, Photograph should have a number and caption at the top and should be placed in the text at the appropriate locations. Tables, Graphs, Diagrams etc should be sent in original.

2. The abstract of the paper should be brief, self contained, explicit and should not exceed 200 words. At the end of the abstract, keywords in the paper should be listed. Abstract

should be typed in single line spacing using Time New Roman 10 font.

3. The manuscript of the paper should be in English, typed using Times New Roman 12 font on one side of the A4 size good quality white bond paper in single spacing. It is advisable to include only those mathematical symbols, terms which are necessary for understanding of the paper. The derivation of mathematical/statistical formulas should be avoided.
4. References should be cited within the text giving the surname of the Author / Authors and year of publication in parentheses (e.g Corti C.W. & Kharche Suyog (2009)). All references should be listed in alphabetical order in the Bibliography at the end of paper in the following style :

Journal :

Mohanty R P & Deshmukh S G (2001), "Business Process Reengineering : Value Innovation in Industrial Engineering practices", International Journal of Computer Applications in Technology, Vol.14,2001,pp119-135.

Conference :

Richard G Kaye & Qiang Tu (2009), "Quality-Productivity Interface", International Conference on Industrial Engineering and Management, January 3rd - 7th, 2009, VJTI Mumbai, pp 21-28.

Book :

Magrab Edward B (1997), Integrated Product and Process Design and Development, CRC Press, New York, pp78-81.

5. The author/authors should send a Declaration stating that the research paper is the original contribution of author/authors and has neither been published nor under consideration for publication elsewhere. The Editor or the Indian Institution of Industrial Engineering will not be responsible for the contents of the technical/research paper and the authors of such paper will bear full responsibility for the issues accruing due to infringement of copyright or confidentiality of data.
6. Whenever the copyright material is used, author/authors should be accurate in reproduction and obtain permission from copyright holders if necessary.
7. Correspondence and proof for correction will be sent to the first author, unless otherwise indicated. The author will receive page proof for checking, but it is expected to correct only typesetting errors. Proof should be returned within a week.
8. Author should submit their research papers electronically in MS WORD format to the Executive Chief Editor at E-mail : editor@journal-iiie-india.com. Manuscript submitted to the journal will be considered for publication with the understanding that the same

research paper or a part of it has not been published and is not under consideration for publication elsewhere
